"I have followed the article and updated my web.config to remove the WebDAV module and handler, but the 405 Me

[2026-02-28 22:16:29] Sales - Support Chat

```
<configuration>  <system.webServer>    <modules>      <remove name="WebDAVModule" />    </modules>    <ha
```

[2026-02-28 22:16:36] Sales - Support Chat

This is the code to disable

[2026-02-28 22:16:51] Sales - Support Chat

as this is shared hosting we cannot disable it from server side

[2026-02-28 22:17:27] Sales - Support Chat

You can get assistance from chatGPT or from your developer

[2026-02-28 22:17:49] visitor

i need to know is websockets allow on my hosting or not? please be specific

[2026-02-28 22:18:12] Sales - Support Chat

I have already updated you on your last chat, websockets are enabled and you can use

[2026-02-28 22:21:46] Sales - Support Chat

is there anything else that i can assist you with ?

[2026-02-28 22:25:10] Sales - Support Chat
