Hello, Welcome, How Can I Serve You Today ?

[2026-01-23 09:43:15] visitor

AoA Can I use my hosting services for mobile app development

[2026-01-23 09:43:16] visitor

?

[2026-01-23 09:43:35] visitor

means if i want to make an app and can i host the app on my hosting services

[2026-01-23 09:43:55] Sky Host RA L1

yes you can host

[2026-01-23 09:44:05] visitor

what would be the procedure?

[2026-01-23 09:44:27] visitor

because i dont have the platform to make the app

[2026-01-23 09:47:21] Sky Host RA L1

Any app you create can be hosted, but you should search for the tools needed to build the app.

[2026-01-23 09:49:06] visitor

yes i have searched but the main issue is if i made app on local system how i will be hosted the same on yo

[2026-01-23 09:50:57] Sky Host RA L1

Zip your files, upload them to the File Manager's public_html directory, and then extract them.

[2026-01-23 09:51:50] visitor

not working this idea is already been tried

[2026-01-23 09:53:10] Sky Host RA L1

Did you purchase the domain hosting from us?

[2026-01-23 09:53:29] visitor

yes

[2026-01-23 09:53:45] visitor

mysmtportal.com is my domain

[2026-01-23 09:54:53] Sky Host RA L1

please hold on let me check it.
